Requirements for Bi-lateral Air Agreements in Southeast Asia

Background

A State Department cable Number 931 from Rangoon dated 1 April 1955, Confidential, states: "B-2 source says Government of Burma considering scheduled airline operations into China via Hanoi to Canton. One survey flight recently completed."

This service is authorized by Sino-Burmese Air Agreement, the text of which is not available to this office.

Requirements

1. It is requested that a copy of the air agreement between the Government of Burma and the Chinese People's Republic be obtained.

2. Since the air service involves a landing at Hanoi and pre-supposes an air agreement between Burma and North Vietnam it is also requested that a copy of the Burmese-North Vietnam Air Agreement be obtained.
